Our Responsible Gaming Ambassador program was developed with leading experts so we can provide support at the right time. Our program keeps pace with or is ahead of government regulations in every market where we operate.

ANTI-MONEY LAUNDERING

Our program works to keep our environments and communities safe by keeping illegal activity and the crime that comes with it, out. Las Vegas Sands was in the forefront of gaming operators to create and significantly invest and innovate in manpower, systems and technology resources to become an industry leader against money laundering. Globally, Las Vegas Sands proactively enforces industry-leading anti-money laundering policies and procedures in –five key areas that also exceed government regulations and lead the industry, including customer screenings and due diligence, transactional controls, employee training, reporting and recordkeeping.

HUMAN TRAFFICKING PREVENTION

Perhaps most importantly, we have a zero tolerance policy for human trafficking in any form. Las Vegas Sands has a multi-layered, proactive and reactive plan to prevent our properties or patrons from being involved in human trafficking that includes strong relationships with local law enforcement and comprehensive surveillance and security measures. Our policy applies to all LVS businesses, team members, agents, contractors, subcontractors and suppliers worldwide and corresponds with international standards and national human trafficking laws in all jurisdictions in which we operate.

Las Vegas Sands takes our responsibility to those who visit, work for and do business with us seriously, and that is manifested in Project Protect, and our stringent and vigilant responses in these critical areas.
